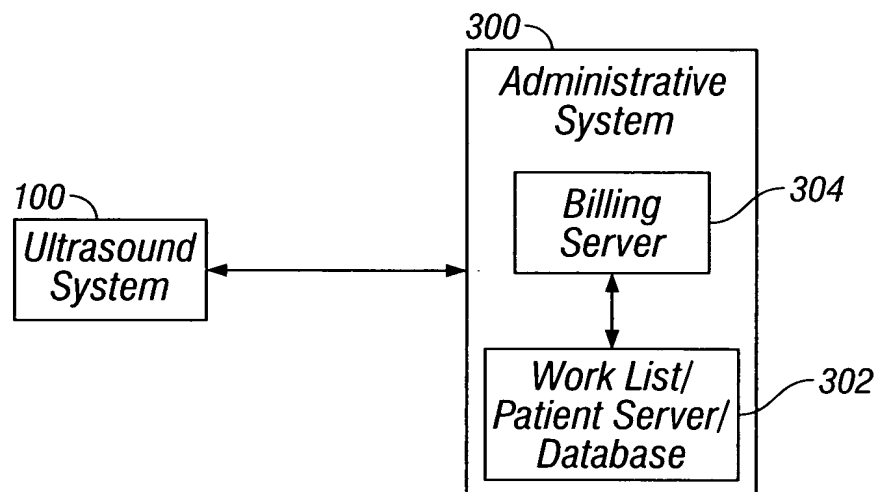

FIG. 5

FIG. 6 is a screenshot of a medical imaging software interface. The interface is divided into several sections. At the top, a status bar shows the date and time: 10/05/03 9:23:30 AM. Below this, the "Patient" section contains fields for Patient ID (2314567), Last Name (bing), First Name (mr), Birthdate (mm/dd/yyyy), Age (dropdown), Sex (female/male), and Middle Name. The "Exam Information (Vascular)" section includes fields for Accession #, Exam Description, Ref. Physician, and Operator, along with buttons for Images, Detail, and Clear. The "Exam History" section displays a table with columns for Date, Category, Exam Description, Image size, and Disk. The table shows three entries: 08/21/2003 Abdomen 27.0 MB 20031002_02, 09/04/2003 Abdomen 23.5 MB 20031002_02, and 10/05/2003 Vascular None. Below the table are buttons for Search, Exam., Send To, Prev., Next, and Hide. The bottom section contains a "Category" list with buttons for ABD, VAS, OB, UR, GYN, SMP, CARD, PED, New Patient, Register, Resume Exam, New Exam, Delete, and Exit. To the right of the category list is a "Dataflow" section showing "Local Archive - Int.HD" with "Image disk Capacity 17.7 GB" and "Free space 2.8 GB". The interface is labeled with various reference numerals.
